DIGITAL EXPERIENCE

ACTIVITY SHEET:

How is single-use plastic prevented at this stage?

Circular Economy

In a circular economy, we keep resources in use for as long as possible and then recover materials at the end of each product's life.

(Ellen Macarthur Foundation, 2021)

How did Teemill reduce other environmental impacts?

**DID YOU
KNOW?**

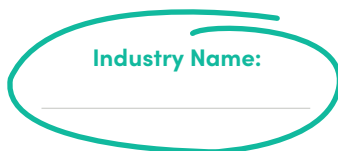

Every year **100 billion** new items of clothing are produced!

(Teemill, 2021)

TASK

It's time to challenge other industries! Pick an industry of your choice and make a **mind-map** with ideas about how they could reduce single-use plastic and minimise their wider environmental impact.

Industry Name:

This activity sheet can be printed or used digitally. We have used minimal graphics to reduce the environmental impact of printing ink, and the carbon emissions from this digital experience have been minimised from source and offset.
