SURFERS AGAINST SEWAGE

DIGITAL EXPERIENCE

ACTIVITY SHEET:

How is single-use plastic prevented at this stage?

How does Teemill reduce water pollution?

FASHION FACTS!

Every **second**, the equivalent of a rubbish truck load of clothes is burnt or sent to landfill!

(Ellen Macarthur Foundation, 2021)

TASK

Why should all industries take action in preventing water pollution?

List 1-3 points.

DID YOU
KNOW?

Textile dyeing is the world's **second-largest** polluter of water, since the water leftover from the dyeing process is often dumped into ditches, streams, or rivers.

(World Economic Forum, 2020)

This activity sheet can be printed or used digitally. We have used minimal graphics to reduce the environmental impact of printing ink, and the carbon emissions from this digital experience have been minimised from source and offset.
